CARACALLA HALO X GENERATOR

What Is Dry Salt Therapy?

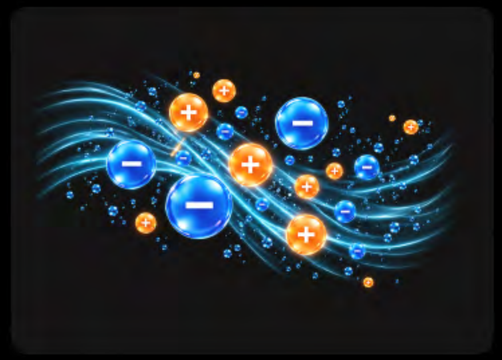
Dry salt therapy, also known as halotherapy, is a wellness practice inspired by the natural environments of salt caves and underground salt mines.

Caracalla HaloX recreates a salt-enriched atmosphere using advanced air ionization, natural mineral salts, and botanical aromatherapy to support relaxation and respiratory wellness.

CARACALLA HALO X GENERATOR

How It Works

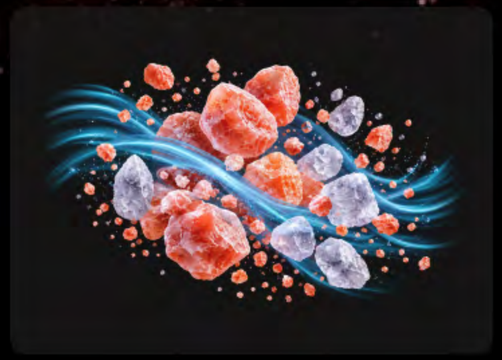
The salt therapy generator utilizes a multi-stage air treatment process.



Step 1

Air Ionization

Specially designed electrodes generate positive and negative ions, creating an ionized airflow that forms the foundation of the HaloX wellness environment.



Step 2

Salt Infusion

Ionized air passes through a mineral cartridge containing Himalayan and Dead Sea salts, becoming enriched with natural salt particles and trace minerals.

Step 3

Lavender Infusion

Airflow passes through a botanical cartridge with organic New Zealand lavender, adding a gentle, relaxing aroma to the mineral-enriched air.

Step 4

Air Distribution

The conditioned air spreads throughout the room, creating a fresh, comfortable atmosphere for relaxation in spas, wellness centers, or home environments.

Smart Design & Easy Operation

The Caracalla HaloX salt generator was designed for both professional and residential users.

Features:

- Portable Design
- Lightweight Construction
- Durable Fiberglass Composite Housing
- Available in White or Black
- Smart Rotary Controller
- Multiple Operating Programs
- Quiet Operation
- Easy Cartridge Replacement
- Low Maintenance Design

Benefits of Caracalla Dry Salt Therapy

Respiratory Wellness

Salt-enriched air creates a fresh, comfortable environment that supports respiratory wellness, comfortable breathing, and everyday sinus and nasal comfort.

Relaxation & Stress Relief

The combination of ionized air, natural minerals, and lavender aromatics creates a calming atmosphere that complements relaxation, mindfulness, and stress management routines.

Recovery & Wellbeing

HaloX complements longevity and wellness programs by supporting comfortable indoor environments, relaxation, and recovery-focused routines that promote overall wellbeing.

Enhanced Wellness

Transform ordinary rooms into premium wellness environments with mineral-enriched air, gentle botanical aromas, and ionization technology for an enhanced relaxation experience.

Designed for Professional & Home Wellness

CARACALLA HALO X GENERATOR

Compact & Portable

Space-saving design suitable for professional facilities and private wellness environments.

Easy Operation

Intuitive controls and multiple operating programs for a convenient user experience.

Low Maintenance

Durable construction and replaceable cartridges simplify everyday operation.
